23 August, 2023

Chiropractic Future Strategic Plan Announces ACC-RAC Student Research Stipend

The Chiropractic Future Strategic Plan is pleased to announce that they are offering a limited number of student travel stipends to present their research findings at the ACC RAC conference in San Diego, California, March 21-23, 2024. This stipend is intended to help cover the cost of travel and lodging, making it easier for students to attend and showcase their hard work and dedication to the field.

“The ACC-RAC conference is an excellent opportunity for students to network with professionals and peers from around the world, learn about the latest research and advancements in chiropractic care, and gain valuable experience presenting in a professional setting. By presenting research at this conference, students can establish themselves as a thought leader in the industry and make meaningful contributions to the field.” stated Dr. Robert Butler, member of the Research Workgroup.

Robert Butler, DC
Research Workgroup

To be considered, interested students must submit an abstract of their research to ACC-RAC by September 1st and submit an application to Chiropractic Future by September 30th. Our selection committee will review all applications and select the most deserving candidates.

Interested students can visit <https://www.chiropracticfuture.com/acc-rac-student-research-travel-stipend> to submit their application.

About the Chiropractic Future Strategic Plan

In November of 2019, a visionary idea was born: Build a strategic plan which will lead the entire chiropractic profession into an essential and thriving future. In August 2020, that visionary idea became The Chiropractic Future Visioning and Strategic Planning Project. Massive quantitative and qualitative data gathering from all corners of the profession successfully identified common goals and priorities. Intensely spirited and collaborative workgroup sessions, representing the breadth of the profession, accomplished the heavy lift of creating an actionable, measurable plan. Eighteen months after the idea was born, a historic 2021 - 2026 strategic plan has been developed.

About the Association of Chiropractic Colleges

Established in 1989 and led by its Board of Directors, ACC advances chiropractic education by supporting its members as they educate future doctors, increasing awareness of the rewards and satisfaction of a chiropractic education, attracting a more diverse student body, and promoting innovation and quality in healthcare through chiropractic education, research, and service.
