

BAC★PAC
BETTER ACCESS TO CHIROPRACTIC

**BETTER ACCESS.
BETTER LEGISLATION.
BETTER CARE.**

Who We Are

BAC-PAC is a hybrid PAC dedicated to supporting pro-chiropractic legislation and candidates. BAC-PAC is part of an overall strategy to help the chiropractic profession increase its political capacity and influence.

The **BAC-PAC** workgroup allows us to influence federal elections with donations from within and outside the profession (including corporations).

More**

Why Invest In BAC-PAC?

- ✓ The chiropractic profession is growing rapidly, with more than 70,000 chiropractors practicing in the United States today. And yet, chiropractic is still not fully integrated into the healthcare system.
- ✓ BAC-PAC will work to elect pro-chiropractic candidates to Congress who will fight to ensure that chiropractic is treated equally to other healthcare professions.
- ✓ BAC-PAC has the flexibility to support pro-chiropractic candidates through both direct candidate contributions and independent expenditures, maximizing our impact in key races.
- ✓ BAC-PAC is meant to enhance, not compete with, the work of other pro-chiropractic PACs associated with the profession.
- ✓ BAC-PAC's team of political professionals has the experience to identify and support pro-chiropractic candidates who can win.

Committee ID C00813006

How Can the Chiropractic Profession Benefit From a Hybrid PAC?

BAC-PAC's involvement in key congressional races will strengthen the chiropractic profession's influence on critical legislation, such as Medicare modernization and access to chiropractic care within the military.
